We will need to update this a bit to account for the last 6 months or so.

Bob and Anne,

Can BPPD make any necessary updates to the attached budget hearing fact sheet on Oxitec's GE Mosquito Experimental Use Permit. This was included in the list of fact sheets from the hearing last September. If we have any new registrations in-house, can we also include that in this fact sheet? If so, we can change the title to make it more generic.

Is it possible to get any updates back by 3:00 on Monday? These are due to OPMO on Monday. Thanks for any assistance you can provide.
